

What Moves Dorchester Cyclists Questions

1. Start by saying your name, age, pronouns, what town you live in, what town you work or study in, and your level of experience with bicycling and/or with riding a BlueBike.
2. Were you aware how close the Fairmount line is to Ashmont and Fields Corner by bike, and how frequent the train runs? Please elaborate.
3. What motivates you to ride a bike? Alternatively, what keeps you from riding a bike?
4. What changes - for the city, your employer, the MBTA, BlueBikes, or yourself - would enable you to ride a bike more often or make it more enjoyable?
5. What are some memories or experiences you have of riding a bike in Dorchester or elsewhere? Or, if you don't bike, share any memories from another transportation mode.
